Pier & Beam is a group of next-generation preservationists who share a passion for Houston's architecture, art, history and culture. We believe in preserving and giving new life to significant buildings and landscapes, promoting sustainability and smart growth, and fostering vibrant, livable neighborhoods. We are members of Preservation Houston, Houston's only citywide nonprofit historic preservation education and advocacy organization. Learn more about us at [preservationhouston.org](https://preservationhouston.org).

*visitors enjoy the view from the Niels Esperson Building observation deck, 1927*
